Delivery Release - STEP7 Basic (S7-1200) - SP1

Effective immediately, SP1 for STEP 7 Basic is released for delivery. This SP includes additional language support to include the following overall languages (user interface and documentation):

- ✓ German (existing...)
- ✓ English (existing...)
- ✓ Italian ***NEW!**
- ✓ French ***NEW!**
- ✓ Spanish ***NEW!**

From this point forward, STEP 7 Basic V10.5 (order no. 6ES7822-0AA00-0YA0) will be supplied with the new languages included in SP1. ***The language additions mentioned above are the ONLY additions with SP1, and is therefore only of interest to users who wish to work in one of these languages.***

Customers with a current (SUS) **Software Update Service** agreement for STEP 7 Basic V10.5 are eligible for a free SP1 update, those who have not purchased the SUS can purchase the upgrade for a small fee. Please contact your local Siemens Sales representatives for further details. *Again, this upgrade to SP1 includes no functional changes or problem corrections – SP1 is therefore only of interest to STEP 7 Basic users who wish to work with the additional languages mentioned above.

STEP 7 Basic V10.5 SP1 can be installed as language extension of V10.5 directly over the existing version V10.5. The license of STEP 7 Basic V10.5 also remains valid with the SP1.
